What's Gotten Into You? Activity – Data Collection Worksheet

Demonstration

I predict this will happen when the water is added to the “polluted” area.

These are my observations about what happened.

My prediction was _____ (right or wrong).

Describe what this water pollution demonstration means to you.

Questions

How were your carnations affected?

Why do you think these things happened?

What kinds of things do you think pollute the water in real life?

What do you think would happen if the carnation lived, but remained contaminated? (Hint: think about what would happen if an animal came along and ate the contaminated flower.)
