

Name _____ Date _____ Period _____

Magnetic or Not?

1. In the column for “The material is...” write the objects whose magnetic properties you will test.
2. In the column for “I think it is...” make your prediction as to whether the material is *magnetic* or *not magnetic*.
3. Conduct your tests and write your results in the column for “but it really is....”

The material is...	I think it is...	but it really is...

Write a statement to summarize how you can tell what types of materials are magnetic.
