Idea Web Example

**Requirements**
- Must fit on right arm
- Must cost less than $20
- Must perform one function

**Target Audience**
- Amputee
  - Characteristic: 13 years old
  - Characteristic: likes to play baseball
  - Characteristic: female

**Constraints**
- Must fit on right arm

**Problem Statement**
Design a prosthetic hand that can perform **one** function that can help improve the quality of life an amputee.

**Questions we have...**
- What function do we want this prosthetic to perform?
- What is the size of the amputee's arm?
- What do different prosthetics look like?
- What are the materials needed?
