## MythQuester Mind Map Worksheet

In the space below, create a **mind map** to compare story elements found in two or more folktales or myths. Look for elements that the stories have in common or that are unique to each story.

Next, jot down some notes about possible interpretations or answers to questions that arise.

Online sources for stories and tales:

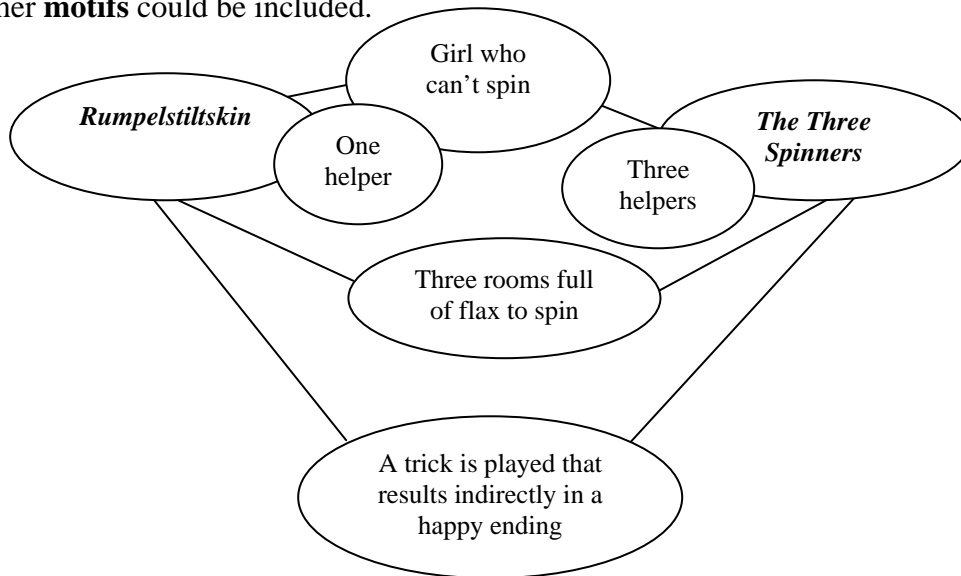

Bartleby.com at [www.bartleby.com](http://www.bartleby.com)

Project Gutenberg at <http://www.gutenberg.net/index.shtml>

Sacred Texts at <http://www.sacred-texts.com/index.htm>

## MythQuester **Example** Mind Map

Create a **mind map** to compare story elements found in two or more folktales or myths. Look for elements that the stories have in common or that are unique to each story. Below is an example; many other **motifs** could be included.

Next, jot down some notes about possible interpretations or answers to questions that arise. In this case, you might question the role played by spinning or how the trick played in each case leads to a happy ending.
