Clean Air Act Worksheet and Letter

1. Imagine that you could write your own Clean Air Act...

Complete the sentences below with your ideas about air pollution. Try to think of real causes of air pollution. How would you solve the problem? Would you write to the President of the United States? Would you start an organization to end air pollution? Would you write ideas in a newspaper? How would you get your Clean Air Act passed?

I want the air clean because _____

To end air pollution, I think we should _____

I would include all this in my Clean Air Act; I would pass my Clean Air Act in _____

2. **Do you want to know more about air pollution?** Do you want to know some ways to end air pollution? Below is the address for an organization that works to end air pollution. Write to them, asking for more information about air pollution and how to fight it.

National Clean Air Coalition
801 Pennsylvania Avenue S.E., 3rd Floor
Washington, DC 20003

3. **How does air pollution change our environment?** This group listed below can help you find the answer. They can help you find a local group, and perhaps help you start your own.

Office of Air and Radiation
U.S. Environmental Protection Agency
Washington, DC 20460

On the Internet: <http://www.epa.gov/air/>

4. **Write a letter!** Below is the beginning of a letter. Add your ideas and rewrite it on a separate sheet of paper. Then mail it.

_____, 20____

Washington, DC _____

Dear _____,

I want air pollution to be stopped. I am writing to you because _____

Thank you very much.

Yours truly,

Name _____ Grade _____
