

## Design Rubric and Worksheet

3	2	1
Students designed all of their blades in TinkerCAD	Students have a partial design in TinkerCAD	Students did not design blades in TinkerCAD
Students collaborated and worked with one another effectively	Students collaborated and worked okay with one another	Students did not work collaboratively and disagreed consistently
Students redesigned and tested at least 3 times	Students redesigned and tested 2 times	Students redesigned and tested 1 time

How far and fast did your vehicle travel?

Trial 1 (Distance and Time)	Trial 2 (Distance and Time)	Trial 3 (Distance and Time)

What did you change on your vehicle?

---

---

---

Why did you make those changes?

---

---

---

What would you do differently if you completed this project again?

---

---
