

# THE GLOW SHOW: FUN WITH ENGINEERING!

---

(OR, PRACTICING THE ENGINEERING DESIGN PROCESS)

# WHAT IF YOU HAD AN IDEA FOR A PRODUCT FIRST?

---

PLAY-DOH WAS MEANT TO BE A  
WALLPAPER CLEANER

THE PACEMAKER STARTED AS A  
HEART-RECORDING DEVICE

# CHOOSE YOUR PRODUCT!

# NOW FIND A USE FOR IT!

---

- Your product must fill a need in industry:
  - What industry will you choose?
  - How will your product impact the industry?
- Keep an electronic journal of the engineering process:
  - Include prototypes, pictures, iterations, and thoughts along the way.
  - Collect as much data as possible.

# PROMOTE YOUR INVENTION!

- Advertise your product!
- How you advertise is up to you, but it must include:
  - The industry for which your invention is designed
  - A working demonstration

**Free Book**

## **RAISE HAMSTERS**

The new wonder animals from Syria. Often called Toy Bears. Delightful pets. Everyone wants them. Laboratories need thousands. Clean, odorless. Raise anywhere. A profitable and interesting hobby or business. We furnish breeders and instructions. Write today for free book.

**GULF HAMSTERY, 1540 BASIL ST., MOBILE, ALA.**
