## Day 2: Polarizing Collaboration – Problem-Solving Challenge in the Minga Tradition

1. During and after each presentation, reflect on the following questions:
  - Do you enjoy their product?
  - How does the lack of or availability of resources impact the group's product?
  - How inclusive is the product?
2. Give each group's activity feedback and a rating between 1 and 5, where 1 lacks diversity and collaboration and 5 actively seeks out inclusiveness and addresses barriers.
