Large Group Research and Share-Out Rubric

Research and Share-Out Rubric

Instructions: You are to engage in group research. You are to research two helpful facts about three different plants to which you have access and share about them. You are also to research one way that plants are prepared when used in medicine, cleaning, for pets, or some other helpful purpose. Reminder, the goal is to move everyone forward; we are working as a team. You will be graded as outlined below.

Group Members _____

Two helpful comments about three plants (totaling six helpful comments) were shared with the class. (Think about the goal of the project.)	_____/6 pts
One helpful comment was made about how plants are prepared when used in medicine, make-up, cleaning, clothing, or some other helpful purpose. That which was shared was different from the two prior groups. Plan accordingly.	_____/2 pts
Each group member spoke equally and spoke professionally (spoke loudly enough, faced the audience, etc.). Legitimate sources were used and mentioned.	_____/6 pts
Information was put in the class folder (either as notes on a doc, a slide, etc.).	_____/3 pts
Total	_____/17 pts
