## Qualitative Data Table Handout

Examine the extra pieces of your bioplastic samples in order to fill in the table below.

**\*\*Rating scale: 4 = best and 1 = least\*\***

*Example:*

<b>Sample name</b>	corn starch 10 g	corn starch 15 g	corn starch 20 g	corn starch 25 g
<b>Transparency</b>	4	3	2	1

<b>Sample name</b>				
<b>transparency</b>				
<b>hardness</b>				
<b>flexibility</b>				
<b>impact resistance</b>				
<b>tension</b>				
<b>sticks to a vertical surface (a wall)</b>				

**\*\*Use the extra rows for any extra qualitative descriptions you want to add.\*\***
