

Activity Sheet 1      Name: \_\_\_\_\_

Examine the EKG below:

Voltage

Compare the EKG Wave above with a healthy EKG.

Does the **Amplitude** look normal?

---

---

---

---

Time

What about the **Frequency**?

---

---

What about the **Pattern**?

---

---

---

---

Would a healthy heart produce an EKG like this? \_\_\_\_\_

What parts of the heart could cause this EKG? (Hint: Use all of the resources that you have been given!) -

---

---

---

---
