

Presentation Peer-Evaluation Rubric

Area	0	1	2	3	Total
PowerPoint	No PowerPoint	very few slides and “wordy” or busy... also just read slides	many slides with out being busy... only sometimes read slides... mainly graphics	many slides of graphics... no reading of the slides... very professional	
Speech	Hard to follow with many filler words	Less filler words but still “choppy”	Good job with voice, but extremely simple	Used good use of English language	
Car Performance	No mention of how the car worked	Very simple explanation of how the car got energy	Explained how energy was stored an in what form and how transformed into Kinetic Energy	Very detailed in explanation but also used graphs in evaluation of performance	
End-Consumer Driven	No mention of how this would work for an end-consumer	Mention of how this would impact an end-consumer was minimal	Thought was given for the end-consumer and was briefly addressed	Full explanation of end-consumer impact was evaluated and explained	
Additional Visual Aids	None	Some but poor quality	One of good quality	More than one of good to excellent quality	
Overall Impression
