## **Identifying Design Components of the Filtration Design Challenge**

- 1) What is the goal of the design challenge?
  
  
  
  
  
  
  
  
  
  
- 2) What are the limits (constraints) that you need to consider when designing your water filter?
  
  
  
  
  
  
  
  
  
  
- 3) How can you determine how successful your design is?
